Miss Mary Drummond was taken suddenly ill at her home on Tuesday. Her many friends hope for a speedy recovery.

Mrs. M. E. Baker made this office a pleasant call last week while in town attending court. She ordered the HERALD sent to her address at Gallinas for one year.

W. T. McMain, of Buffalo; J. S. Green, of Grand Valley, and Ezra B. M. Strong, of Lansing, have each filed on land in this county since last Thursday.

We acknowledge a very pleasant call from Attorney Houston, of Woodward, while in attendance at court here last week. He has our thanks for a dollar on subscription.

Beaver and vicinity was blessed with a delightful downpour last week. It commenced raining about midnight on Thursday night and continued until Friday morning, and during the day several heavy showers fell.

Mr. Spangler, of Ness county, Kan., in company with N. A. Peckham, made this office a call Wednesday. Mr. Spangler was returning from Texas where he had purchased 300 head of cattle which he was taking back to Kansas.

Ex-commissioner Cochran, of Mineral City, came in last Friday and renewed for the HERALD another year. Mr. Cochran reports his peach orchard which consists of 300 trees, as being loaded with good sized peaches.

Mr. J. Shriver, the popular Rock Island live stock inspector for the southwest, while in town last week, made us a pleasant call and subscribed for the HERALD a year.

Beaver Hotel Arrivals.

Frank Bogue, Geo. W. Myers, Byers, Kas.; Bob Smith, County; Dick Griggs, Meade, Kas.; J. H. Hart, Rothwell; Jas. Baro, Elmwood; Tom Martin, Byers; John Deiks, County; John Slaven, County.

In the case of the Territory of Oklahoma vs. J. A. Cox the jury failed to agree and were discharged. The jury stood 7 for acquittal to 5 for conviction. The case was continued until the next term of court and the other indictments against Cox were dismissed by the Territory.

The School Board on last Saturday selected Mr. Noah Daves as instructor of the Beaver school for the ensuing term. Mr. Daves has taught in this county the past year and comes highly recommended as a gentleman of culture and ability in school work and bears a good record as a teacher. This selection by the Board no doubt insures us an excellent school.

It is just as easy to get in the habit of looking on the good side of things as on the bad. It is better to have a friendly feeling towards all than an unkindly one. It is better to go to another and quietly show him wherein he is doing wrong and ask him to mend his ways than to roar out in public to his lasting detriment. Yes, stand by your home folks, you will be better for it and you will be happier while living and remembered much longer when dead.—Ponca City Courier.

In the case of the Territory vs. Sherman Walker, by mutual agreement between the prosecuting witness and the defendant, the defendant was allowed to plead guilty to simple assault, and was fined \$35.00 and costs. The Judge was slow to accept this settlement and only consented to it on account of the high respectability of the parties. He is determined to enforce the law against carrying weapons either concealed or otherwise. The attention of our readers is called to the provision of the statute found under chapter 25, Crimes and punishments, Article 45 page 503, and especially to sec. 9 of said article, which makes it a punishment to point a pistol in fun or in anger, loaded or not loaded, under penalty of not less than \$50.

Decoration Day was observed in Beaver in a very appropriate manner. The turnout was large although the weather was somewhat unfavorable. At 1:30 o'clock the people assembled at the church, which had been tastefully decorated for the occasion, where the program was carried out in a very impressive manner, after which the procession formed and proceeded to the cemetery where the G. A. R. Post held its ritualistic exercises and decorated the graves of their fallen comrades.

One thing that could not fail to impress all was the fact that the men who marched with heads erect and shoulders squared to serve their country over a quarter of a century ago, are no longer gallants for the parade ground. War's dread experience and Time's pitiless assaults have had their effect. The bent form and gray head of the old soldier remind us that some of the last detachment will be detailed for duty in the ranks of the Great Captain; but not till reveille is sounded for them on the other shore will the American people realize what a monument to this Republic were the lives of these men.

E. F. Printz, of Dagout Creek in Beaver county, was in town the first of the week with fresh vegetables. He had 60 dozen onions, 30 dozen radishes, 25 pounds of lettuce and 20 pounds of rhubarb. Last year Mr. Printz raised over 6,000 pounds of cabbage from a quarter of an acre of ground. The O. K. Store of this city got 3,000 pounds of it for which they paid 11 cents per pound. The gross receipts from the cabbage alone were one hundred dollars. Mr. Printz has three acres in his garden and last year made an all round success. He is in it again this year and is already selling lots of stuff. He has 1,500 early cabbages on an eighth of an acre, and will soon be in the market with them. Here's the secret of success for the people of the Southwest. Cultivate a few acres in this way and work into stock in connection.—Liberal News.

Lightning's Work.

On May 24th, Rev. G. G. Rupert and son Harry and Ed Kuntz started from Liberal hauling a small house for their ranch on the Beaver three miles below Sharp's Creek. They had one team of four moderate horses and another team of three heavy horses. At noon they stopped for dinner, after which the old gentleman drove on ahead in his buggy. About 2 o'clock the young men encountered a shower when they stopped to wait for it to pass over. They laid down on some hay in the house, and while lying there a bolt of lightning struck the hind gable of the house, the one farthest from the horses, tearing away about one-third of the roof and a hind standard of the wagon. A portion of the electricity ran down a screen door on the end of the house, near which the young men were lying with heads close together. The current entered Mr. Kuntz at his heel, tearing his shoe off his foot and tearing off his pants leg to his hip bone then around his abdomen to his spine, where it left him, entering the hay and setting it on fire. Where it left his back, a perfect scar was burned as large as a dollar, from the margin of which a red halo radiates. Mr. Kuntz was burned to a blister along the entire route taken by the fluid, and was so completely stunned by the shock that he would have burned to death had not Harry Rupert escaped serious injury and extinguished the flames. Another curious as well as serious freak of the bolt was that it killed the team of three heavy horses, or so shocked them that they died in five minutes. They were not struck down, but gradually let themselves down as if lying down to roll. There were no breaks or burns of the horses' flesh. The financial loss to our new comer, Mr. Rupert, is quite heavy, and we sincerely regret it, while we most heartily congratulate the young men on their fortunate escape.

Perry Kile and Lon Haskell layed out all night the other night but we have not yet learned why.

Perry Chilcott says that he started to the field with a pint cup level full of corn to plant but on the way out he spilled part of it but sure planted what was left.

Henry Kils planted another ear of corn, since the rain, that he had sent to

Stock Brands.

Every man with 50 head of cattle or upward should advertise his brand in this paper, and thus within a month, perhaps, regain stock which has been missing for weeks, and which he has given up as lost. The circulation throughout this section is wide and steadily increasing, and your brand inserted in these columns will become familiar to the stockmen and settlers of the northwest, largely increasing your chances of regaining strayed or stolen stock. Send in your orders.

GREAT ROCK ISLAND ROUTE
WORLD'S FAIR
1893-1894
TO THE EAST!
BEST DINING CAR SERVICE IN THE WORLD.
The Rock Island is foremost in adopting every advantage calculated to improve speed and give that luxury, safety and comfort that popular patronage demands. Its equipment is thoroughly complete with vestibuled trains, magnificent dining cars, sleepers and chair coaches, all the most elegant, and of recently improved patterns.

Faithful and capable management and polite, honest service from employees are important items. They are a double duty—to the Company and to travelers—and it is sometimes a task difficult of accomplishment. Passengers on this line will find little cause for complaint on that ground.

REMEMBER
The Great Rock Island Route runs all regular trains to Englewood suburban station, close to World's Fair grounds, and you can save time and trouble by getting off at that point and avoid the crowd in the city.
